Dear Neighbour

Proposals for a new Delivery Office in Patcham
Invitation to Public Consultation events on Thursday 27 January and Saturday 29 January 2022

The modern postbag is changing. Royal Mail now delivers many more parcels and far fewer letters. This is not a recent change, it has been a trend over the last decade and it is accelerating. This means we must review our delivery office estate to ensure we have the right facilities to deliver to our customers. We have been exploring options across the city of Brighton and Hove so that we can improve our service.

We are proposing the relocation of our Brighton Delivery Office and Hove Delivery Office to a new state-of-the-art delivery office on a site at Patcham Court. We are keen to show you our plans, hear your views and talk about the benefits of moving our delivery office to Patcham.

The views of the local community are important to Royal Mail and we welcome your feedback on our proposals. On Thursday 27 January and Saturday 29 January we will be holding public webinar events to explain our proposals and give you the opportunity to ask questions and make suggestions. Our consultation hub www.royalmailpatcham.co.uk is already live. Here you will find more details of the proposals.

Details of the webinar events can be found overleaf. We hope that you will join us for one of these sessions. You will also find a number of ways to get in touch with us overleaf with any questions you have.

We very much hope that you will participate, ask us questions and share your thoughts. Here are some of the ways that you can get involved:

Ask a question We will be hosting two live online consultation webinars, on **Thursday 27 January and Saturday 29 January 2022.**

The Thursday session will begin at 6:30pm and the Saturday session will begin at 10:30am.

There will be a presentation of the emerging proposals, followed by an opportunity for you to put your questions to the project team to find out more.

Please visit our website www.royalmailpatcham.co.uk for a direct link to click and join a session.

The webinars will use Zoom software and there is no need to register in advance.
